

Camp Hogan  
served 192  
youth in 2009!

# Camp Hogan Photo Album

Summer time can be a difficult time for many of our Club members and their families. Some children are left home alone, others might go without meals, and many face an increase in the dangers that exist just outside their front door. Speeding cars and even speeding bullets are scary realities for Club members. However, because of a generous grant from the Steinman Foundation and many camp sponsorships from friends in our community, our children were kept safe from these dangers and enjoyed the freedom of the great outdoors. They had arts & crafts with Mr. Rob, science & nature class with Mr. Ryan, and lots of fun with their camp counselors too. From swimming lessons to our new soccer program and even a family picnic night, they were engaged in positive, fun activities all summer long!

Thank you to everyone that helped make this program possible!
